Marking the

**GOLDEN
ANNIVERSARY**

of the

Rochester Philatelic Association

April 26-28, 1963

IN THE HEART OF DOWNTOWN ROCHESTER, N.Y.
**THE NATION'S SHOWPLACE
...MIDTOWN PLAZA**

Below is the beautiful air conditioned mall of Midtown Plaza, core of the nation's largest downtown business and shopping center with 7½ acres under one roof! More than 1,000,000 square feet of shops, stores and services are accessible from the Mall.

This charming sidewalk cafe on the beautifully landscaped Mall adds a European atmosphere to the unique American institution that is Midtown Plaza.

Visitors park in the three-level 2000-car garage beneath the Plaza. They may lock wraps in their cars and view, shop and dine without ever going outdoors! Escalators connect the garage with the Mall.

This unique "Clock of the Nations" is a delight to children and adults alike. On the hour and half hour the colorful 28-foot timepiece "comes alive" with dancing puppets, gay music and revolving stages. It is a symbol of America's grandest town square—Midtown Plaza.

18-story Midtown Tower is the highest building in Rochester—its first skyscraper in 30 years. From the beautiful restaurant and hotel atop the structure, visitors can see 30 miles in every direction—the city's finest panoramic view.
