EDITORIAL..... by John Kellas

October is National Collector's Month and the RPA is kicking off a new membership drive. The Collector's Show at the Menree County Fairground Dome marked the start of an active public relation campaign. Members are encouraged to bring guests to any of the RPA's meetings. It is hoped that before the end of the year, the RPA will sponsor on local T.V. a philatelic program! More about that in future issues of the "H & T".....
... During the next few months the "H & T" will be experimenting with different printing formats. This is part of a cost-comparison survey that the Board of Governors has authorized. The "H & T" will be improved and expanded, it is hoped that members will participate by submitting typed articles for the monthly issues. PLEASE support the "H & T".

A towing locomotive and a ship in the locks of the Panama Canal are to be featured on a 15¢ definitive that goes on sale Oct. 25, announces the Philatelic Agency, Balboa, Canal Zone. Collectors desiring FDCs should send self-addressed envelopes of ordinary letter size with an enclosure of medium weight. Each envelope should indicate in the upper right corner (in pencil) the number of stamps to be affixed. Requests for unusual arrangements and plate numbers cannot be granted. The envelope containing the order should be endorsed "FDC". FDCs will be returned through the open mail only. Requests for mint stamps should be sent under separate cover and must include return postage. Only postal moneyorders will be accepted in payment. *Unless there is a postal rate increase in '79 this will be the last U.S. Canal Zone issue!

POSTAL STRIKE RETROSPECT
D&C 8/13/78 (F. Vanderlinde)

"AS EMPLOYEES of the Postal Service," the letter said, "we have been forced to shoulder the burden of a productivity increase ... by handling increasing volumes of mail with 75,000 fewer employees. We insist that this record be acknowledged by commensurate sharing of benefits ... and by restructuring of onerous, unfair and non-productive work rules." The letter from the National Association of Letter Carriers here was dated June 28. It arrived at its destination ten blocks away on Aug. 8.
