

A MULTITUDE OF ANGELS

Ambergenville rural postal truck traveling post office
Mark used 1926 to 1960, "rounded" cancel marking variety

God created the angels. They are immortal, but not eternal. Most religions recognize them including Gnosticism in their lore. They are also found in the Greek and Roman mythologies as gods. This is a bit of their story through philatelic elements including meters, a missing color, a specimen, covers and stamps.
