TO ERR IS HUMAN - TO FIND IS DIVINE

Dear Show Committee:

Attached please find:

- A ribbon labeled EFOCC First Place
- A ribbon labeled EFOCC Second Place
- A SASE and information sheet to report the winners to the EFOCC

Please convey to the Show's awards chair our "simple & sensible" guidelines for awarding EFOCC ribbons to exhibits of your show:

- An exhibit may be of US or foreign material (or a combination, such as thematic or topical) and does not need to consist of only or mostly EFO material to win one of the awards. It merely needs to use EFOs in ways that positively impact the exhibit in the jury's opinion.
- An exhibit or exhibitor can win one of these awards more than once.
- Feel free to award both, one or none of the awards, as appropriate.
- Please take the time to fill the attached report indicating winners, and return it in the attached SASE, along with a palmares, if possible. This has two purposes:
 - The EFOCC will give the winner of an EFOCC First Award a one year complimentary membership. Complimentary memberships are limited to one per person, even if an exhibitor receives the EFOCC First Award more than once.
 - We like to keep a record of winners, and recognize them in our journal, *The EFO Collector*, and on our website.
- If you have any questions, please contact Cemil Betanov, e-mail: CemilB@optonline.net or phone: (516)849-6604.

The EFOCC thanks for your efforts in furthering awareness of the EFOs by awarding these ribbons.

The Board of the EFO Collectors' Club
